Stefan, welcome back! I hope your holiday was lovely.

The party was AWESOME. I cannot say enough great things about your staff, your food, your equipment - I was so impressed with everything. First, delivering the equipment the day before was a great idea, and Anna and Corinna (sp?) arriving early on Saturday night took so much stress off of me -- everything was smooth and efficient. Anna and Corinna are such professionals, and they set everything up beautifully and took care of everything.

I was able to enjoy the party without having to work at all.

And they did it all so beautifully and professionally -- our guests loved them and appreciated how attentive they were to everyone. They always appeared at just the right moment with a glass of prosecco, or food, or whatever was needed. And they're so nice, it was lovely just having them there! The food was delicious, and the set-up on the dining table was magnificent. When it was time to remove everything, it was all done quickly and efficiently - everyone from your company was kind and friendly.

I am so pleased, so impressed. I can't wait to have another party with your company!! I am hoping to get photos from friends, and I will send you some.

Speaking of which - my husband is retiring from the U.S. Air Force later this year, and I think we will have a retirement party for him. We can work out the details in the coming weeks, but I think what we're going to try to do is have a celebration with food from all of the places where he was stationed over the last 30 years. There will be a heavy focus on German food (he did 3 tours here) but we'll add maybe some sushi (he was stationed in Japan) and a couple of things from Hawaii and the southern U.S.

But we can provide those things. We might make it in conjunction with a New Year's Eve party.....would your company be available that night? Are the menu offerings/prices the same as the rest of the year?

I hope to work with you again on that party, and others to come!

Thank you again -- our experience was fantastic.
